

**Environmental
Engineer**State
water

State Water is an innovative, medium-sized water corporation that services regional NSW from 42 locations throughout the state. We are currently looking for an enthusiastic Environmental Engineer based in Parramatta.

About the position ...

This is a fantastic opportunity to join a dynamic and dedicated Strategic Assets Team. You will support the successful formulation and delivery of projects and initiatives under State Water's Sustainability program, managing waste and energy reduction initiatives and reporting.

About you ...

You will have tertiary qualifications at degree level in environmental engineering or related disciplines; understanding of State and Federal environmental legislation; project management skills; and knowledge of sustainability principles.

Remuneration & benefits ...

For the right person State Water can offer great career development and the opportunity to develop broader skills in this critical industry. An attractive salary of \$67,280 also applies.
