

Testing Manager

State Water is a medium-sized water corporation that constantly strives to achieve its vision of excellence and growth. We are currently looking for an enthusiastic and experienced Testing Manager to join our Information Services team in Dubbo, Sydney, Tamworth or Albury.

About the position...

This position provides testing management, methodology and process design and is involved in production of test artefacts for all Information Services. Providing advice and guidance to colleagues on any aspects of testing through meetings and workshops will also be an important part of the role.

About you...

You will have;

- experience in test management and methodologies
- the ability to ensure timely development of project testing procedures, artefacts, recording and reporting
- Demonstrated experience in working with Multi-disciplined teams in the management of the testing lifecycles from defects to resolution
- strong organisational and facilitation skills

Remuneration & benefits

For the right person State Water can offer great career development and the opportunity to develop broader skills in this critical industry. An attractive salary range from \$85,340 to \$100,360 applies, plus 9% superannuation, working a 9 day fortnight.

Closing Date:

5 February 2012
