

## Please cease pumping

21 September 2009

The current Block release from Brogo Dam is taking considerable time to progress all the way through the Bega River.

To ensure lower end users get a share of the block release State Water advises that pumping must cease in the following river reaches:

1. Immediately for irrigators from Brogo Dam to Angledale
2. By 9 am on Tuesday 22 September 2009 for irrigators from Angledale to the Bega River

Thankyou
