Water Users are reminded that:

Your Supplementary Access Limit is equal to your supplementary access licence unit shares plus allocation assignments traded in, and minus allocation assignments traded out.

Your Supplementary Water Access Licence must be current and linked to a licensed work located in a section mentioned above.

Your Supplementary Water Account Balance must be in credit.
Your extractions must not exceed your Supplementary Water Account Balance or the announcement quota.

Meter readings must be provided prior to pumping and on completion of pumping (contact Dennis Humphries 02 6751 2715).

Over pumping will result in the usage being debited to other accounts.
