

## UPPER NAMOI 2010/2011 WATER DELIVERY UPDATE

17 August 2010

Recent inflows into Split Rock Dam have increased the available volume stored above 5% resulting in an available water distribution of 0.5 ML per unit share to general security accounts in the Upper Namoi.

With the increased volumes held in Split Rock Dam and Upper Namoi general security accounts a roster system for water deliveries throughout 2010/2011 will no longer be utilised.

Whilst the water delivery position has improved significantly and orders will be delivered on demand, Statewater will continue to seek to maximise available water and customers are reminded to allow additional travel time when placing orders throughout the 2010/2011 water year to allow for the most efficient delivery of water.

For all account enquiries please contact Statewater on 1300 662 077 or email [billing@statewater.com.au](mailto:billing@statewater.com.au)
