

SUPPLEMENTARY WATER AVAILABLE FOR MACQUARIE RIVER USERS CEASED

25 January 2011

The NSW Office of Water approved a limited supplementary event (off-allocation period) in the Macquarie River Valley from 1 December 2010.

The limited supplementary event has been available from 1 December 2010 to Macquarie River water users downstream of Wellington, due to the spill from Burrendong Dam and flows in the tributary streams.

The event will cease to be available in the following river sections on the following dates and time.

Downstream Wellington to Baroona	6 am Fri 28 January.
Baroona to Gin Gin Weir	6 am Sat 29 January.
Downstream Gin Gin Weir to Warren Weir	6 am Sun 30 January
Warren Weir to Marebone Weir	6 am Mon 31 January.
Downstream Marebone Weir	6 am Mon 31 January.
Marebone Break/Bulgeraga Creek upstream	6 am Mon 31 January.
Gradgery Lane	
Bulgeraga Creek downstream Gradgery Ln	6 am Mon 31 January.
Gunningbar Creek, Duck Ck. & Crooked Ck.	6 am Mon 31 January.

Supplementary water will only be available to those irrigators who contact State Water's Customer helpdesk to place orders and provide current meter readings.

Start and finish dates for supplementary access may vary, depending on stream flow. Water users must contact the Warren office daily on **0457 732 654** to confirm the supplementary event availability and dates applicable to them.

Any extractions outside the confirmed dates and any extractions exceeding account balances of supplementary access licences will lead to compliance action, including debiting from other licences linked to the same works.

Water users are responsible for contacting State Water to confirm their dates for access to supplementary event.

Customer Notice

State
water

State Water will continue to assess river flows and, if possible, may extend or vary the availability of the supplementary event.

To place orders, phone the Customer Help Desk on 1300 662 077 or fax to 1300 871 447 or place order online with iWAS.
